MINISTERO DELL'INTERNO

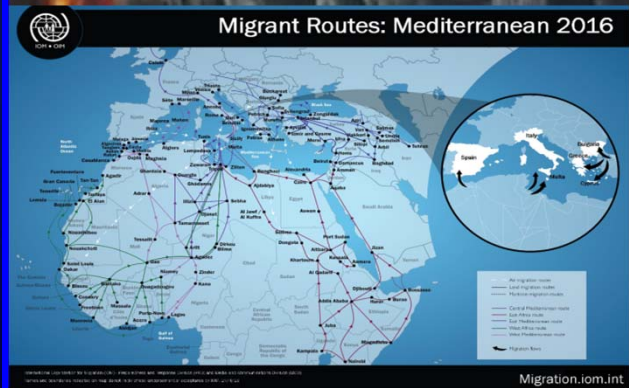
The future of Police Cooperation in Europe Views of an EU Member State with an external border

"The criminal phenomena that threaten Europe: the Italian action whitin the European Union's security policies"

….continue to step up joint action by police forces

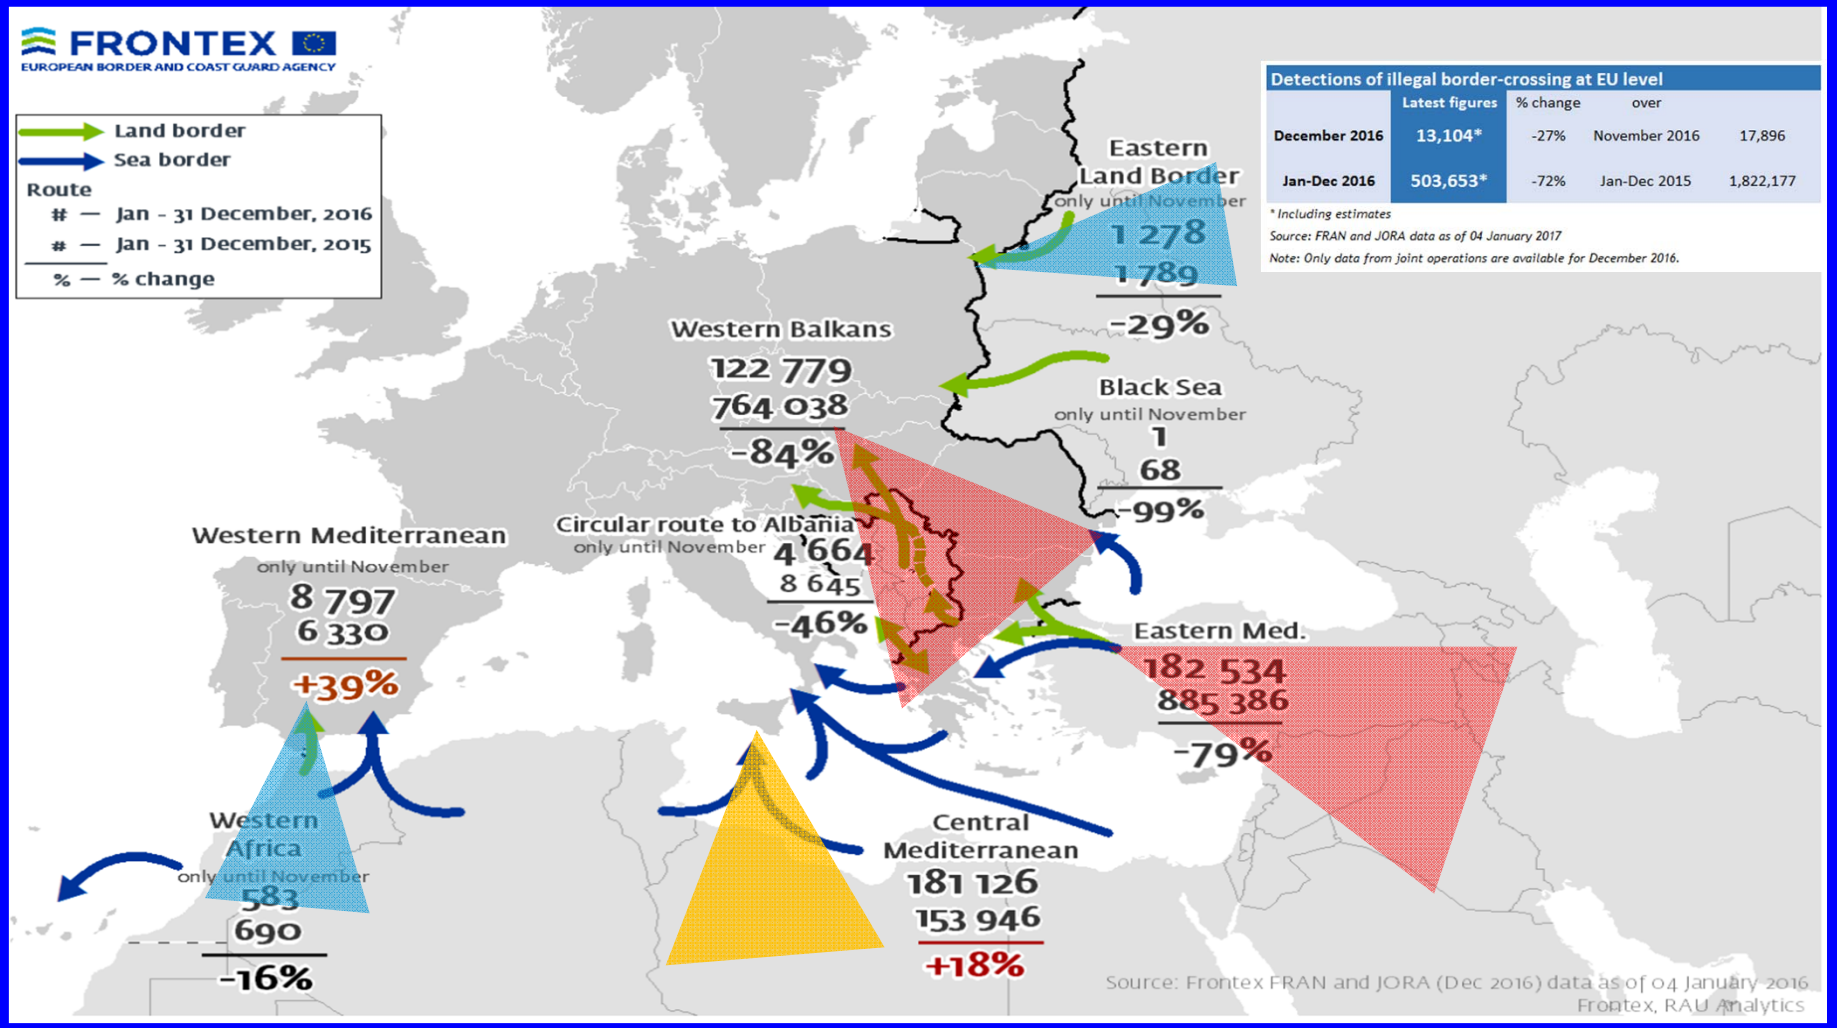
…in a comprehensive and coordinated manner

Several challenges as cross-border crime, cyber-crime, terrorism and facilitation of illegal immigration from Africa on a massive scale need a straight coordinated response from UE Member State



Three main goals of the European Agenda on Security

Migration on a massive scale



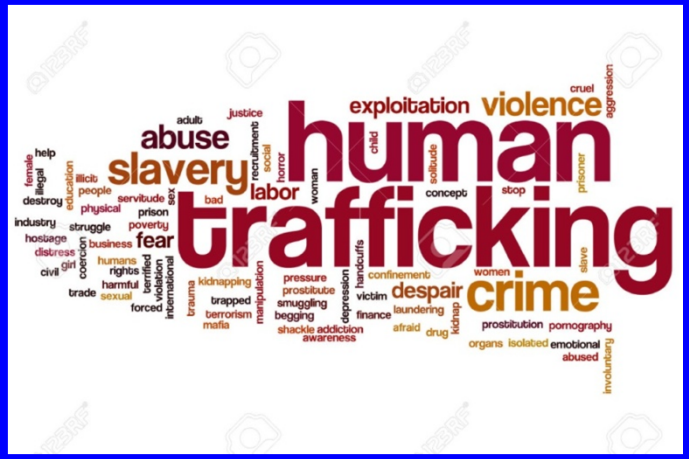
… to strenghten

…to support

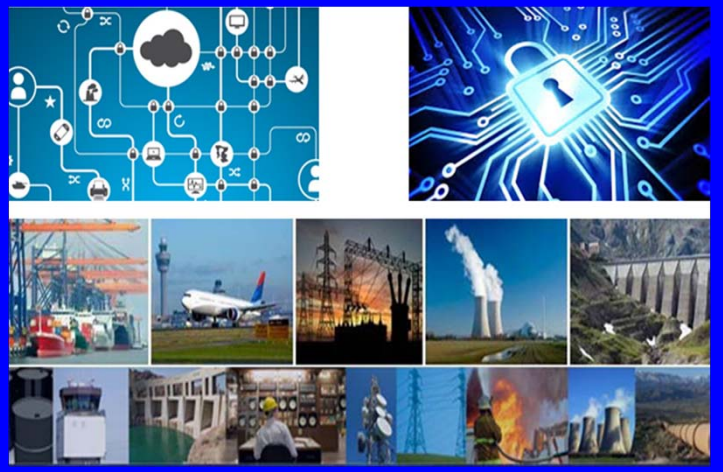
The gathering of criminal data is fundamental

"How many people have you stabbed this week?"

New opportunities and tools for criminal activities



Two fronts to support the work on security



Analysis of criminal phenomena

Strategic function

Sub regional approach

«Hot data»

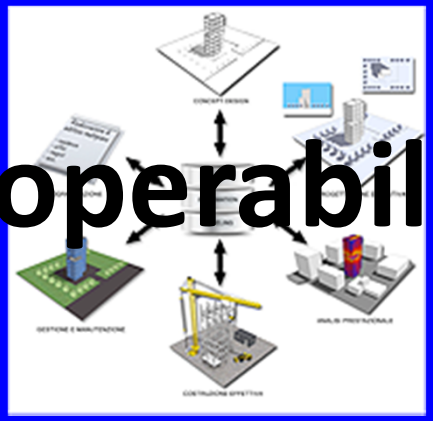
Data key factors

interconnection

interoperability



More police models
but need to update
methodologies
and tools to give
uniformity to the action
POLIZIA
POLIZEI
POLICE
POLITIE
POLICJA
ПОЛИЦИЯ
POLICIJA

we need to connect the dots
to make an efficient police
work

…and through partnerships with the private sector and academia in order to explore new ways for global security

INTEROPERABILITY

New patnership with

Lack of data storage
Working relationship
Necessity of training

Lack of a legal framework
such as a common criminal law procedure
