Università Cattolica di Milano – Università di Trento

The technical inspection agency TUEV-NORD-CERT has certified the quality management system implemented by the BKA's Institute of Law Enforcement Studies and Training as compliant with the requirements of ISO 9001:2000

Abstract

The presentation has dealt with a study relating to

- the Presence of the mafia in Italy: measuring mafia-type organized crime through different variables and indicators and mapping its on the national territory.

- He has talked about an application of social network analysis to the 'ndrangheta. Through data from phone interception TRANSCRIME analyzed and studied the structure and modus operandi of mafia groups. And he has presented the project

- “Analyzing the economic impact of mafia”. He has analyzed the dataset of more than 17000 goods confiscated to organized crime. He has studied mafia infiltration in public procurement and tried to create a software assessing the risk of mafia infiltration in a public procurement procedure.
