Organised cybercrime – overview from a Swedish perspective

Ulrika Sundling

National Bureau of Investigation, Stockholm

Curriculum vitae

Ulrike Sundling has a university degree in Computer science, and a Bachelor of Science in Computer Engineering (programming). She is at the police academy since 2002 and has been working in the Swedish police in different positions.

The latest position was at the Cybercrime section, NBI Sweden, and now she works at the Swedish Police Board with strategic work related to Cybercrime.

Abstract

The presentation will briefly present the Swedish Police organization related to the work against Organized Crime. Focus in the presentation will be on trends and experiences about investigations related to Organized Cybercrime.
